

MIKE MORGAN : Reminiscing

14 January – 6 February 2022
Main Gallery

Mike Morgan has been painting with oils for 50 years as a self taught artist, and exhibiting since the early 1980's. He works with many mediums but oils are his preferred choice.

'Reminiscing' is a body of work building on the many surreal paintings Mike has created in his career. The work presented has been painted in the past two years. Many of the paintings have a prominent beach theme as, having always lived close to beaches, Mike takes inspiration from this environment.

Humour and fun can be seen running through Mike's work as he comments on social situations and behaviour.
