Some of my best work

In February we asked the community, *Have you ever dreamed of having your artwork displayed in an art gallery?* We wanted to give the Matamata-Piako community and our gallery volunteers an opportunity to showcase their artistic talent. This exhibition is the result. We asked for artwork of all types from artists of all ages and levels of experience and were delighted with the number of works we received. Thank you to all the artists who submitted their work, we only wish we had space to display it all.
